Because everyone deserves quality care.

ACCESS Esperanza Clinics 60 Years Strong

For more than six decades, Access Esperanza Clinics has provided trusted, compassionate preventive healthcare, empowering people across the Rio Grande Valley to plan their futures with dignity.

Looking ahead, our focus turns to strategic growth. To meet the growing needs of our community, our capital campaign will expand both the **Rev. Galloway Clinic in Mission** and the **Rev. English Clinic in McAllen**.

This strategic expansion will allow us to increase patient capacity and introduce critical new health services for uninsured adults and teens. Our goal is to ensure that high-quality, essential care remains within reach for everyone who calls the Valley home. Together, we are building a healthier, more resilient community, and we are deeply grateful for your partnership in this mission.

At the heart of our care is a simple belief:

Every person deserves the freedom to make decisions about their health and future on their own terms.

That belief has guided our work since our founding in 1964. Patients come to Access Esperanza Clinics seeking confidential and expert care, along with support for their reproductive health goals.
